Order The New 2010 PCA Archive CD

Many of our readers file their back issues of *The Private Club Advisor* as a reference tool, but we know that flipping through those binders takes time and there is really no way to be sure you've found every item pertaining to your current question or quandary.

That's why we created ***The Private Club Advisor Archive CD***. It puts every *PCA* article ever published at your fingertips — from 1990 through December of 2009. The simple-to-use digital format lets you thoroughly research any topic we've ever covered, in minutes. F&B minimums, smoking policies, membership marketing, bylaw questions, committee roles and responsibilities... It's all in there.

Search by key word or by issue date. Work in the office or take the disc home. Print out the page you need or the entire issue. The PDF format makes it easy to share information with your board or staff. If you're new to *PCA*, the Archive CD is a great way to catch up on what you've been missing! We release a new version each year and even offer a great discount on updates!
